

SECRET

2 July 1971

MEMORANDUM FOR:

C/IRS/DDI

25X

SUBJECT:

Request for IRS Participation in
Study Proposal

1. I send along herewith a copy of a 30 June memo to members of the China Intelligence Activities Coordination Group which is self-explanatory.

2. I hope that you or another member of your staff will be able to attend the meeting called for 13 July. It occurs to me also that there may be merit in having two or three representatives at the meeting from the CIA offices most likely to be able to contribute substantively to the proposed study. I would appreciate your advice and suggestion on this point. I will be pleased to invite whoever you believe would have a direct and continuing interest in the topic we propose to tackle.

3. This is not going to be an easy subject and for that reason I am anxious to insure that our organizational effort is sound and sets us on the right course. I will value highly your counsel and assistance.

DCI China Coordinator
